Greetings,
As you may have noticed, Andres added the LPR question to officer reports, which now allows officers to update the LPR hit info in RMS quite easily. Our goal is to equip the city with additional cameras in the future. To justify the additional cameras, the DB (aka: Shane) is keeping track of success stories. With that said, please continue to ask your officers to send a quick email to Shane and me with a brief summary of successful suspect identification(s) and/or apprehension(s).

Thank you,
Terry
